

# ENGAGE

Widen your pool of volunteers through New Migrants, create a welcoming, diverse and inclusive workplace, build capacity through FREE training and support

## ENGAGE is a new program designed by Volunteer South West

ENGAGE is a program to break down barriers to volunteering for **New Migrants**, promoting social inclusion through volunteering and encouraging the participation of migrants in our community, especially within the **not for profit sector**.

The aim is to build an inclusive, welcoming workplace culture within **Volunteer Involving Organisations** that makes it possible for you to recruit a diverse volunteering workforce; and to educate and engage New Migrants in volunteering.

ENGAGE will provide you with **access to information, training and resources** on inclusive practices when managing volunteers, support and guidance to assist you in providing a volunteering opportunity which is mutually beneficial. We will support you to create meaningful positions for New Migrants and recruit valuable people power.

Enrol in our program and **you will receive** :

- Invitation to our launch event on Tuesday 16th August 2022
- Training workshops for Volunteer Managers and staff to help you create a more inclusive volunteer management program
- Volunteer Manager Network Meetings to discuss issues
- Quarterly newsletter with information
- Regular check-in with Volunteer Manager or Supervisor
- Access to Volunteer South West project management team online, face to face or by phone
