

CONNECT

A Program by Volunteer South West to
Connect People to Community

EXPERIENCE VOLUNTEERING IN A SAFE AND SUPPORTED ENVIRONMENT

Volunteer South West provides opportunities to practice a volunteer role whilst being supported 'on the job' by our dedicated staff. We will support you in small groups of five people with:

- Information about volunteering and how you can contribute
- Filling out forms and all compliance paperwork
- Providing support and supervision to find the right position for you
- Supporting you through the induction process and meeting the team
- Being available while you practice the volunteer role

3 hour sessions, one day a week for four weeks.

If you want to learn new skills, gain work experience through volunteering, meet new people, connect to your community or improve your self confidence in a safe and welcoming environment then CONNECT is for you!

Contact us to get a taste of volunteering at one of our fantastic organisations.
